

Bill Bowman. Photographer.

At a restaurant you don't ask "What do you charge?" You ask for a menu and you pick your courses.

Same with me and my photography. I have a wide variety of packages and prices. Whatever your budget I will offer you a package. BUT we need to sit down together to look at the packages that most suit you and your budget. For instance I have all inclusive prices from £950 that include my attendance and travel, a proof book, images on-line night of wedding and a super album handmade in Italy, 20 Thank You cards, and a glorious 20 in x 16 canvas print. And I have an enormous range of options that go to whatever budget we agree. Or I can do a very basic CD only - at a price we agree at our meeting. So we need to get together before you commit yourself. I work all over the UK and overseas.

Just e mail me bill@hccs.co.uk with your FULL address and wedding date and a suggested meeting date and I will confirm.

And remember Uncles and Friends may have a nice camera and may have taken some nice family photographs. BUT wedding photography can be a difficult task way beyond their capability. What if it rains? What if ..? Don't trust luck. Book someone who knows what it is all about. You don't get a second chance. EXPERIENCE shines through. Just ask any of my Brides!

Bill Bowman, Treelands, Old Hill Wood,
